## Product Images

---

**Description**

---

Blade for JET JWBS-18 bandsaws. 3/4W x 137L x .026T x 4TPI. Made of metal. This part is fed through the band saw and sits on the wheel and wheel guide. When engaged the blade will rotate and act as a saw to cut the material you run across the blade. Sold individually. For installation steps and tools, related parts and precautions, refer to your owner's manual and model schematics.
