

Powermatic PM1200 Air Filtration System

Product Images

Description

Your shop may look clean, but how clean is the air? The PM1200 Air Filtration System traps up to 99% of all 5-micron particles and 85% of all 1-micron particles for a healthier work environment. Three blower speeds modify air flow. The unit can be operated either at the cabinet or with the remote transmitter which uses radio-frequency, eliminating the need for line-of-sight operation. The timer has nine settings, allowing continuous operation for up to 9 hours while you're away, and will shut off at the end of that period. The filter guards can be removed and installed without tools, for instant filter access.

Additional Information

Stock Number	PM9-1791330
Gross Weight (Lbs)	74
Motor Amps	3.5 / 2.8 / 2.3
Motor Power (HP)	1/4
Motor Voltage (V.)	115
Net Weight (Lbs.)	67
Overall Dimensions (L x W x H) (In.)	33 x 25 x 13
Prewired Voltage (V.)	115
Prop 65	Cancer and Reproductive Harm
Speeds	3
Speeds (CFM)	547 / 706 / 1196
Type	Air Filtration
